High School Scholarship Application Process

Step 01

Verify eligibility and you are applying for the correct academic year/cycle.

The high school scholarship program is now open. You **[MUST DOWNLOAD AND READ THE APPLICATION GUIDE](#)** to confirm eligibility for the 2027 school year. Prospective applicants must intend to enroll college and enter the AFROTC program beginning in the 2027-2028 academic year. The scholarship application window will be open July 1, 2026, through December 11, 2026. Completion of your junior year of high school is required for all ROTC applications. Please do not start an application before that.

IMPORTANT: Prospective applicants planning to take one or more gap years between high school graduation and college entrance must apply during the cycle for the academic year in which they intend to enroll in college and begin the AFROTC program.

Step 02

[Start the Application](#) Process by creating a WINGS account.

Step 03

Log into your Air Force ROTC account. Complete and submit the “My Profile” page.

Step 04

Complete the My AFROTC Application Checklist, to include the Activity Sheet.

Step 05

Download and print the Counselor Certification Form. Scan and upload the signed counselor certification form and a copy of your official or unofficial high school transcript (must include 9th–11th grade).

Step 06

Download and print a copy of the Physical Fitness Assessment (PFA) worksheet. Take a copy of the PFA worksheet with you when you complete the fitness assessment. Have the examiner fill in all of the information on the form and have him/her sign and date it. After you have completed the fitness assessment, use the worksheet to enter your results electronically. Scan and upload the completed worksheet to the application.

Step 07

Enter your GPA manually in the fields provided on the application and submit SAT and/or ACT scores electronically through the testing agency using AFROTC Test Code 0548. To submit CLT scores, you must select Air Force ROTC-AF ROTC on the CLT website. Enter your GPA electronically in the fields provided.

Scholarship Results

- **Received**

If you receive a scholarship offer, you will be required to complete and pass a medical exam and meet Air Force ROTC physical requirements in order to keep the offer. Once you have decided to accept the scholarship offer, the Air Force ROTC detachment at your selected school will provide further guidance on the actions required for the fall term of your first semester of college. Additionally, should you accept the scholarship and continue with Air Force ROTC past your freshman year, you will be obligated to serve in the U.S. Air Force or Space Force upon graduation. (NOTE: The length of your service commitment is dependent on your designated career field.)

- **Did Not Receive**

If you did not receive a scholarship offer, you may still participate in Air Force ROTC as a non-scholarship student. Non-scholarship Air Force ROTC students are still able to become officers in the U.S. Air Force or Space Force as long as they earn a bachelor's degree and meet all AFROTC requirements.

See Full Scholarship Details

Scholarship Status

Air Force ROTC will contact you periodically about your status, and you can track your application status online. After you submit your application, you will be notified via email of your eligibility status.

If you have not heard anything within six weeks, contact AFROTC at 334-953-3490 or email your scholarship technician.

Staying Eligible

After you're selected, you must maintain a term GPA and a cumulative GPA of 2.5 or higher as well as meet the Air Force and Space Force's weight and fitness standards.

Withdrawal of Application

You may withdraw your application at any time. Just contact your scholarship technician; information for your scholarship technician can be found in your WINGS account.
